Specialty care

We're here for you if you get sick or need specialty care. We can conveniently connect you with the right specialist, and you don't need referrals for certain specialties, like obstetrics-gynecology, psychiatry, and drug dependency services.

Highest ratings for cardiac care

Since 2009, our Heart and Vascular Care team at Kaiser Permanente Sunnyside Medical Center has received the Society of Thoracic Surgeons' (STS) highest rating each year, based on performance data for adult cardiac surgery.¹ For coronary artery bypass grafting, Kaiser Sunnyside Medical Center is in the top 10% in the country.² Visit kp.org/cardiac/nw to learn more.

Multidisciplinary approach to cancer care

A cancer diagnosis can be difficult and overwhelming. That's why our nurse navigators lead our patients through their journeys as educators and advocates. Together with each patient's care team, medical, surgical, and radiation oncologists review, assess, and develop treatment options based on each unique case. Visit kp.org/cancer/nw to learn more.

Support for ongoing conditions

If you have a condition like diabetes or heart disease, you're automatically enrolled in a disease management program for personal coaching and support. We'll help you get the care you need with proven best practices and advanced technology.

¹The Society of Thoracic Surgeons' comprehensive rating system allows for comparisons regarding the quality of cardiac surgery among hospitals across the country. Approximately [10%] of hospitals receive the "3 star" rating, which denotes the highest category of quality.
